

Invited Speakers

(in alphabetic order)

Ayşe Zehra AROĞUZ (Turkey)	Seung-Wuk LEE (USA)
Show-An CHEN (Taiwan)	Zhibo LI (China)
Zhenguo CHI (China)	Zi-Chen LI (China)
Kilwon CHO (Korea)	Der-Jang LIAW (Taiwan)
Dong Hoon CHOI (Korea)	Qinghuang LIN (USA)
Rusli DAIK (Malaysia)	Trinh Tung NGO (Vietnam)
Mitsuo HARA (Japan)	Hiroyuki NISHIDE (Japan)
Rong-Ming HO (Taiwan)	Hiroyuki OHNO (Japan)
Chain-Shu HSU (Taiwan)	So-Jung PARK (Korea)
Xiao 'Matthew' HU (Singapore)	Olga E. PHILIPPOVA (Russia)
Su-Mi HUR (Korea)	Jeffrey PYUN (USA)
Sung Gap IM (Korea)	S. RAMAKRISHNAN (India)
Kwang-Un JEONG (Korea)	Zhengzhong SHAO (China)
Yong Soo KANG (Korea)	Yury SHCHIPUNOV (Russia)
Eunyoung KIM (Korea)	Zhihao SHEN (China)
Kyoung Taek KIM (Korea)	Swaminathan SIVARAM (India)
Kyungkon KIM (Korea)	Atsushi TAKAHARA (Japan)
Sang Youl KIM (Korea)	Yoshinori TAKASHIMA (Japan)
Yun-Hi KIM (Korea)	Xianhong WANG (China)
Ick Chan KWON (Korea)	Andrew K. WHITTAKER (Australia)
Doo Sung LEE (Korea)	Chi WU (Hong Kong)
Eunji LEE (Korea)	Bai YANG (China)
Kwang-Sup LEE (Korea)	Pil Jin YOO (Korea)
Myongsoo LEE (China)	Yi ZHANG (China)

Abstract Submission

All participants wishing to present abstracts are welcomed and online submission of 1 page abstract is required by June 30, 2017. For more information, please visit www.faps2017.org

Registration Fee

Category		Early Registration (Until Aug. 16, 2017)	Late Registration (Aug. 17-Sep. 20, 2017)	On-site Registration
PSK Member	Regular (Banquet Included)	KRW 350,000	KRW 400,000	KRW 450,000
	Student	KRW 150,000	KRW 150,000	KRW 200,000
IUPAC Member & Affiliate	Regular (Banquet Included)	USD400	USD450	USD500
	Student	USD150	USD150	USD200
General (Non-Member)	Regular (Banquet Included)	USD450	USD500	USD550
	Student	USD200	USD200	USD250
Additional Banquet (Accompanying Person, Student)		USD100	USD100	USD100

[Notice]

- All attendees are required to register and pay the appropriate registration fee in order to participate in any capacity at the congress. Full-regular registration includes access to the plenary lectures, invited lectures, oral sessions, poster sessions, welcome reception, lunch and banquet.
- Student Registration does NOT include the banquet.
- This registration will also cover the 2017 Fall Meeting of Polymer Society of Korea. (IUPAC-FAPS 2017에 등록하신 분은 2017 한국고분자학회 추계학회에 무료로 참가하실 수 있습니다.)

Venue

Jeju island is the most popular resort and most favored honeymoon destination in South Korea. it is one of the world's top 10 tourist attractions with over 4 million visitors a year.

※ Jeju offers a very flexible entry/departure policy, which allows visitors to stay without a visa for up to 30 days. (Conditions of entry: Those that arrive directly into JEJU Island by flights or ships)

Conference Venue

International Convention Center Jeju (ICC Jeju) is located within the Jungmun Tourist Complex. Spreading over an area of more than 5,000m², the world-class convention center occupies 7 stories above ground.

This resort-style convention center is fully equipped for international meetings of any scale, and provides professional-grade logistic support for event-hosting.

PURE AND APPLIED CHEMISTRY

Invitation

It is a great honor and pleasure to host the 5th IUPAC-FAPS 2017 Polymer Congress (October 11 ~ 13, 2017) at International Convention Center (ICC), Jeju, Korea with a theme of "Smart Polymers for Emerging Technologies: Commemorating the 10th Anniversary of Foundation of the Federation of Asian Polymer Societies (FAPS)". This event is organized by FAPS and sponsored by the International Union of Pure and Applied Chemistry (IUPAC) and also by the Polymer Society of Korea (PSK). The FAPS was established in 2007 with 4 founding member societies of China, India, Japan, and Korea, and to date, the FAPS federation has grown to include 15 member countries from all over Asia. The IUPAC-FAPS 2017 Polymer Congress is biennially held. The first FAPS Polymer Congress was held in Nagoya, Japan in 2009. This was followed by the 2nd in Beijing, China in 2011, the 3rd in Bangalore, India in 2013 and the 4th in Kuala Lumpur, Malaysia in 2015.

The IUPAC-FAPS 2017 Polymer Congress will be an attractive event with 5 plenary and more than 40 invited lectures by renowned speakers from all over the world as well as contributed oral and poster presentations. It will be an open forum for participants engaged in all the areas of modern polymeric materials. I am sure that it will provide valuable insights and new perspectives for polymer science and engineering. I am fully confident that all participants from academy and industry will benefit a great deal from this congress for scientific exchanges and up-to-date informations.

The congress will be held in Jeju, the largest island in Korea, which is well known for natural wonders, including waterfalls, white sand beaches and a dormant volcano Halla Mountain -South Korea's highest mountain- at its center. In 2007, UNESCO inscribed Jeju Volcanic Island and Lava Tunes into its list of World Heritage Sites, and this beautiful island was later named one of the new 7 Wonders of Nature. I believe that all the participants can enjoy the beautiful natural scenery of Jeju as well as the scientific programs by attending IUPAC-FAPS 2017 Polymer Congress.

As the organizing committee chair, I cordially invite all of you to attend and enjoy this congress, and your participation will make the congress more valuable and successful. I look forward to seeing you at Jeju in October, 2017.

Scientific Program

- S1. Recent Developments in Polymer Synthesis
- S2. Polymer Physics and Characterizations
- S3. Polymer Engineering & Processing
- S4. Smart & Functional Polymers
- S5. Biopolymers & Biomedical Engineering
- S6. Polymers for Emerging Technologies

Plenary Speakers

(in alphabetic order)

Steve GRANICK

Ulsan National Institute of Science and Technology (UNIST), Korea

Title: New Opportunities in Polymer Science and Engineering

Takashi KATO

The University of Tokyo, Japan

Title: Liquid Crystals and Supramolecular Assemblies as New Future Materials

Chulhee KIM

Inha University, Korea

Title: Multifunctional Supramolecular Nanoplatfoms with Stimuli-responsive Surfaces

Christopher OBER

Cornell University, USA

Title: Ambiguous Surfaces: Environmentally Friendly Antifouling and Fouling Release Coatings

Xi ZHANG

Tsinghua University, China

Title: Controllable Supramolecular Polymerization
